

STAVE
skram

Skram's range of heirloom quality modern design expands with STAVE, a new collection of side tables from the NC-based maker of residential and premium contract furnishings. Skram launches STAVE in conjunction with the opening of its new NYC showroom, where the work is featured among other new introductions.

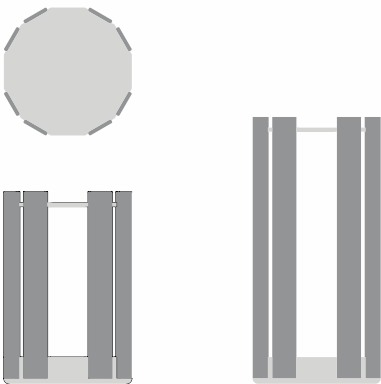

If form is the body,
materials are the soul.

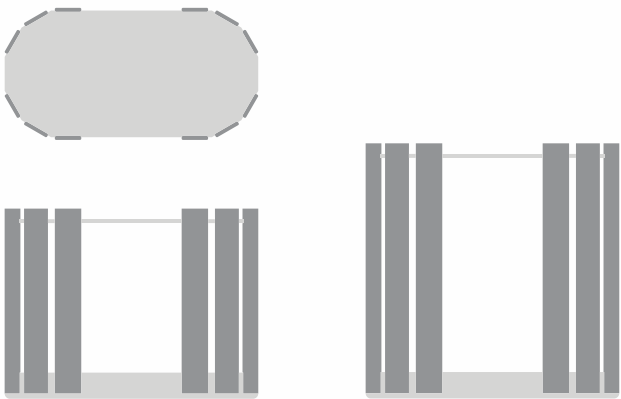

stave side table description:

STAVE side tables are available in certified mahogany timber, in either an ebonized (blackened) finish or in natural mahogany with pimento burl accents. There are three models and each is available in 18" or 24" heights. The design is intended for use either individually or in groupings. STAVE is suitable for residential or contract environments.

natural/pimento burl

STAVE is designed by Skram founder and Creative Director Jacob Marks. Like all Skram products, STAVE is made-to-order in its entirety in the Company's solar-powered workshop in Central North Carolina. The products are available for pre-order immediately and may be ordered direct by contacting Skram in NC or in NYC, or through our outside showroom network.
